110mm SOLID WALNUT FLOORING

20
year
warranty

Lacquered

Appearance General

Colour:

- Heartwood ranges from a deep, rich dark brown to a purplish black. Sapwood nearly white to tan. Difference between heartwood and sapwood colour is great.
- Rich chocolate brown, so admired that other woods are often stained to imitate it. Walnut is certain to add warmth and character to your home.

Grain:

- Mostly straight and open but some boards have hurred or curly grain. Arrangement of pores is similar to hickories and persimmon, but pores are smaller in size.

Variations Within Species And Grades:

- Great variety of colour and figure within species, as well as variation in colour among boards especially true in lower grades.
